

Note: This is a multipurpose form used for Initial, Progress, Extension and Discharge Reports. Indicate the report type by ticking the appropriate box in the top right hand corner of the form.

A Chiropractor would complete this report for:

1. New Injuries – The chiropractor or worker believes the injury is work-related.
2. Recurrences – The injury may be a recurrence of a previous work-related injury.
3. Progress reporting – When there is a significant change in the worker's: (1) condition; (2) treatment; or (3) return-to-work status.
4. Extension requests – When the chiropractor is requesting an extension of treatments.
5. Discharge Reports – When the patient is being discharged.

On the day of the visit:

Provide the employer's copy of the form 8/10c to the injured worker, who will then give it to the employer. Only sections outlined in red are visible on the employer's copy.

Complete and legible reporting:

- Reporting fees will not be paid for incomplete or illegible reports.
- Please do not use a stamp for any information including chiropractor's name, contact information or billing number. Stamps are not permitted as this is a triplicate form. Information provided by stamp will not be visible on the worker and employer copies of the form. Forms using stamps will be considered illegible.

Section B - Specific Information for Parts of Body Injured:

- It is not necessary to provide the *Mechanism of Injury* information on reports subsequent to the initial report unless there is a change in the information provided or additional information is available.
- Coding is used in this section as outlined on the reverse of this sheet. Only one code box should be used for each code entered, regardless if the code has one or two digits (see example below).
- First, enter codes for *Part(s) of Body* and whether the injury pertains to the Left, Right or Center of the specified body part(s), if applicable. If the code for the *Part of Body* is not on the code sheet, enter the code for *Other* and identify the specific body part in the space below the code.
- If you are the primary health care provider, you must provide documentation of all injured parts of body, even if you are not providing chiropractic treatment for all injured parts of body.
- For each *Part of Body*, enter coding, as applicable, for: Subjective Reports, Objective Findings, Diagnoses, Treatments, Investigations*, and Assistive Devices*. When outlining the *Examination* and *Treatment Plan*, including all applicable codes is important.
- If the Subjective Report, Objective Finding, Diagnosis, Treatment, Investigation and/or Assistive Device is not included on the code sheet, enter the code for *Other*. When using *Other* codes, also enter the *Other* code number and provide details for that code in the Additional Comments box (box 10).
- The *Update Status* boxes are used when completing progress, extension or discharge reports. They are intended to provide updates on Subjective Reports and Objective Findings from the previous visit. The *Update Status* is not required for initial reports of injury.

*Note: The *Investigations* category is only intended for referrals being made at the time of this visit. Recommendations for assistive devices may also require completion of a *Health Care Devices and Supplies Prescription* form.

Section B Example

SECTION B - SPECIFIC INFORMATION FOR PARTS OF BODY INJURED

6		Mechanism of injury / incident:																							
		<i>Same as previously reported on the initial report.</i>																							
7		Use codes from code sheet <i>use more than one code where necessary</i>																							
		Examination										Treatment plan													
		Part of Body		Subjective Reports				Objective Findings				Diagnoses		Treatments					Investigations		Assist. Devices				
		Code			1	2	3	4	1	2	3	4	5	1	2	3	4	5	1	2	1	2			
i.		23	<input type="checkbox"/> Left	<input type="checkbox"/> Right	<input type="checkbox"/> Centre	10	14	2	15	25	20	33	37	92	22	27	12	4	9	22	27			10

8 Pain NPRS over the last 24 hours _____ 0 no pain to 10 the worst pain imaginable

9 Did this injury aggravate a prior health issue? Yes No Don't know *If yes, please specify in Box 10.* Are there other issues affecting the worker's injury, recovery and / or disability? Yes No Don't know *If yes, please specify in Box 10.*

10 Additional Comments - or - If you use any of the "other" codes above (except Part of Body), indicate the code # and provide details.

SECTION C - SPECIFIC INFORMATION FOR ALL DIAGNOSES (PERTAINING TO SECTION B)

11 Do you suggest WorkplaceNL arrange any specialty appointments? Yes No If yes, please indicate: Interdisciplinary program Neurosurgeon Orthopaedic surgeon *Please provide rationale in Box 10.*

SECTION D - RETURN-TO-WORK STATUS

12 Explanation of current functional abilities *check all that apply and specify details in the space provided*

Worker has full functional abilities to return to work (please go to Section E)

Lifting restrictions, specify < 10 lbs < 20 lbs < 50 lbs Avoid repetitive lifting No lifting

Bending / twisting restrictions, specify No bending / twisting Avoid repetitive bending / twisting

Standing restrictions, specify _____ Climbing (stairs / ladders) restrictions, specify _____

Kneeling / crouching restrictions, specify _____ Sitting restrictions, specify _____

Walking restrictions, specify _____ Upper extremity restrictions, specify _____

Restrictions due to medications, specify _____ Limitations due to environment, specify _____

Other limitations, specify _____

13 What are the recommended work hours? Pre-injury / incident Other: _____ Should the hours be graduated? Yes No

14 Estimate duration of current functional abilities: 1 to 2 days 3 to 7 days 8 to 14 days 15+ days

SECTION E - TREATMENT SUMMARY

15 Improvement from last report: Minimal Moderate Significant Plateaued Stage of care: Acute Rehabilitative Supportive

16 Is treatment extension required? Yes No Number of treatments to date: _____ Number of treatments requested: _____ Treatment frequency: _____

SECTION F - FOLLOW-UP

17 Have you reviewed the details of this report with the worker? Yes No Have you provided a copy of this report to the worker? Yes No Have you provided a copy of this report to the worker to give to the employer? Yes No

18 Will you be reassessing the worker's return-to-work capability? Yes No If yes, when: 1 to 7 days 8 to 14 days 15 to 21 days 22+ days Do you want WorkplaceNL to call you? Yes No

19 I certify this is a complete and accurate report and I have received no prior payment from WorkplaceNL for this visit. Date yyyy/mm/dd

Signature _____

<p>Signature _____</p>			<p>_____</p>

Employers and workers are obligated under the *Workplace Health, Safety and Compensation Act* to co-operate in the worker's early and safe return to suitable and available employment with the injury employer. This may involve modified work, ease back to regular work, transfer to an alternate job, or trial work to assess the worker's capability.

The worker is responsible for providing the employer's copy of the form 8/10c, chiropractor's report, to the employer by the next working day following the chiropractor's visit. If a worker cannot provide the form in person, he/she must contact the employer and provide the information by telephone, e-mail or fax.

Worker co-operation:

- (i) contact the injury employer as soon as possible after the injury occurs and maintain effective communication throughout the period of recovery or impairment;
- (ii) assist the employer, as may be required or requested, to identify suitable and available employment;
- (iii) accept suitable employment when identified; and
- (iv) give WorkplaceNL any information requested concerning the return-to-work plan, including information about any disputes or disagreements which arise during the early and safe return-to-work process.

Employer co-operation:

- (i) contact the worker as soon as possible after the injury occurs and maintain effective communication throughout the period of the worker's recovery or impairment;
- (ii) provide suitable and available employment. The employer is responsible to pay the worker's salary earned during the early and safe return-to-work plan. WorkplaceNL will pay the differential, if any, between the salary earned during early and safe return-to-work plan and 85% of the worker's net pre-injury earnings subject to the maximum compensable ceiling; and
- (iii) give WorkplaceNL any information requested concerning the worker's return to work, including information about any disputes or disagreements which arise during the early and safe return-to-work process.
