

Manufacturing Industry – Facilitating Recovery at Work

Duty to cooperate in Early and Safe Return to Work (ESRTW)

All employers and workers are obligated under section 89 of the Act to cooperate in a worker's early and safe return to suitable and available employment with the injury employer.

Challenges within the manufacturing industry:

- Identifying ESRTW duties due to nature of work and worksites.
- Soft tissue and repetitive strain injuries.
- Accommodating injured workers who do not fully recover from their injuries (permanent accommodation).
- Collective agreement provisions impact availability of ESRTW and permanent accommodation options.
- Identify alternate return to work options that restore the pre-injury earnings of higher wage earners.
