Snow Clearing and Ice Control Services for Injured Workers (Green Bay)**

SECTION 1 – SCOPE OF WORK AND SPECIFICATIONS

1.1 INTENT

The Workplace Health, Safety and Compensation Commission (WorkplaceNL) invites submission on the tender call for Snow Clearing and Ice Control Services for a residential property of an Injured Worker covered by WorkplaceNL in the Green Bay area for a three (3) year period commencing November 1, 2025 to October 31, 2028, with an option to extend for an additional two (2) years until October 31, 2030 on the same terms and conditions. Snow clearing and ice control services are required each winter from November through April. Should WorkplaceNL identify needs or if conditions change during the initial term of the Agreement, the said needs and/or conditions may be addressed in an Extension Agreement but pricing for the Services herein will remain firm.

1.2 OVERVIEW

WorkplaceNL provides services to employers, injured workers and their dependents, and the public through the administration of the **Workplace Health, Safety and Compensation Act, 2022**. These services include promoting workplace health and safety in order to prevent and reduce workplace injury and illness. WorkplaceNL strives to ensure injured workers receive the best care possible and the benefits to which they are entitled. WorkplaceNL facilitates injured workers' recovery, and early and safe return to work. In addition, WorkplaceNL administers an employer classification and assessment system and ensures adequate funding for services through sound financial management.

WorkplaceNL is organized along two main functional areas: 1) prevention and workplace services; and 2) corporate and financial services. These functional areas support the organization's three main lines of business:

1. Education on the prevention of workplace injuries, illnesses, and occupational disease;
2. Claims management for injured workers; and
3. Employer assessments (no-fault compensation coverage).

1.3 SCOPE OF WORK

The work shall include the supply of all labour, materials, equipment and services necessary for the execution and completion of the work described herein during the period November 1 through April 30 each winter. The general direction and assignment of specific duties will be provided by WorkplaceNL. These duties shall include but are not limited to:

- 1.3.1** The successful bidder shall clear snow from the area at the front of the house (approximately 15 feet by 15 feet), L-shaped driveway (approximately 72 feet by 79

feet by 90 feet by 26 feet), paved area at the rear of the house (approximately 60 feet by 15 feet) and the rear deck (approximately 14 feet by 16 feet). The premises are located in Green Bay on a side road.

Snow clearing must commence whenever there is an accumulation of five (5) cm or more of snow or when weather conditions cause icing and/or drifting to such a degree that it will impede access to or exit from the premises.

When overnight snowfalls, icing and/or drifting occurs to such a degree to warrant snow clearing then all areas of the premises are to be cleared and salted or sanded no later than 8:00 a.m. This will be strictly enforced regardless of the prevailing conditions, unless a snow storm is in progress.

Snow shall be cleared in such a manner to avoid a build-up of snow. Any such build-up of snow left on the premises is to be removed by the successful Bidder at no additional charge to WorkplaceNL.

Should WorkplaceNL request snow clearing or ice control for the premises for an exceptional circumstance, the successful Bidder must commence the snow clearing or ice control within one (1) hour of such notification from WorkplaceNL at no additional cost to WorkplaceNL.

1.3.2 Ice Control

The successful Bidder shall take every reasonable precaution to ensure that slippery conditions on the premises are avoided at all times. Should the successful Bidder fail to comply with this requirement, they may be held liable for any accidents that occur. The successful Bidder shall spread salt and/or sand in sufficient quantities and with sufficient frequency to prevent slippery conditions. Should the amount of salt and/or sand be found unsatisfactory to adequately control site conditions to WorkplaceNL's satisfaction, the successful Bidder must adjust the amount of salt and/or sand accordingly at no extra cost to WorkplaceNL.

The successful Bidder is to ensure that any build-up of ice is avoided at all times. Any such build up on the premises is to be removed by the successful Bidder at no additional cost to WorkplaceNL.

1.3.3 Service Suspension or Termination

In addition to the rights of termination outlined in WorkplaceNL's Standard Terms and Conditions WorkplaceNL may, in its sole discretion, temporarily suspend services or terminate the agreement immediately by giving notice to the successful Bidder if the services are no longer required. The monthly rate will then be prorated and payment will be calculated as a daily rate multiplied by the number of days that the service was provided in that month up to and including the date of notice.
